Glossary

White light (included) 	 Artificial plants included
Warm light (included) 	 Cherry bulb included
RGB light (included) 	 Solar panel
Led tube Lighting 	 String
Flame effect led light 	lm Lumens
Remote control 	 Packaging
Dimmable 	 Weight
Touch control 	 Solar + electric charge
Twilight sensor 	 Electric charge
Motion sensor 	 Solar charge
Hanging product 	 AAA bateries
Play music 	 Hardwire
Integrated speaker 	 Cable
Main Material 	 Jute Cable
Floating, not submersible 	 Magnetic
Floating & submersible 	 Connectable
Planter volume 	IP Indicates the level of protection of the electrical or electronic equipment against the entry of external agents: dust or water
Includes water reservoir 	

Polyethylene Textures

	SMOOTH TEXTURE Polyethylene		RUSTIC TEXTURE Polyethylene
---	---------------------------------------	---	---------------------------------------

Newgarden's products made of polyethylene have a visually smooth and softly granulated finish that is very pleasant to the touch.

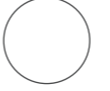

The rustic finish can be found in a very specific selection of flowerpots.

---	--

Certain products may feature a blend of various materials, and in such instances, we will identify and highlight the predominant material in the product.

(*) To ensure optimal maintenance, it is essential to shield these items from rain, direct sunlight, and abrupt temperature changes. Natural materials such as bamboo, rattan, beechwood, or seaweed may undergo color changes or develop cracks over time. When exposed to natural elements, it is advisable to regularly apply a suitable oil or varnish for each specific material. This not only extends protection against rain and UVA rays but also enhances the product's longevity. For cleaning, use a cloth or a brush to eliminate dust, and gently rub with a slightly moistened sponge.

Use according to IP.

Here you can find information about the possible uses of Newgarden's products according to their IP (index of protection of the electrical or electronic system against external agents)

IP20

Newgarden's products with IP20 can only be used indoors, the electrical system, switches or cables must be protected from direct contact with water. Note that, although the product is made of Polyethylene, which is resistant to external agents, the electrical system is designed for **indoor use only**.

IP43

Newgarden's products with IP 43 / 44 can be used outdoors, it is protected against dust and weak and very moderate rain. **If this product also have accessories made of natural fibres, wood or metal parts, it is advisable to protect it from direct contact with water and humidity.** Store it in a dry place after use.

IP44

In the event of rain or very adverse weather conditions, it should be protected from these external agents to avoid future problems.

IP54

Newgarden's products with IP 54 **can be used outdoors, as they are protected against dust and light rain.** If this product also has accessories made of natural fibres, wood or metal parts, it is advisable to protect it from direct contact with water and humidity. Store it in a dry place after use. In case of rain or very adverse weather conditions it must be protected from these external agents to avoid future problems.

IP65

Newgarden's products with IP 65 **can be used outdoors, they are airtight against dust and rain.** If this product also has accessories made of natural fibres, wood or metal parts, it is advisable to protect it from direct contact with water and humidity. Store it in a dry place after use. In case of rain or very adverse weather conditions it must be protected from these external agents to avoid future problems.

IP67

Newgarden products with IP67 are dust-tight and rainproof. They are also floating (submersion is not recommended) so they can be used in swimming pools. They must be protected against very adverse weather conditions.

IP68

Newgarden products with IP68 are dust-tight and rainproof. They are also floating and submersible (according to each product's own instructions for use) so they can be used in swimming pools. They must be protected against very adverse weather conditions.

The possible differences between the original color, illumination and color captured are due to the printing technique.

NEWGARDEN reserves the right over photographs and designs made, so it is forbidden the manufacture, distribution and / or marketing of the products shown on any media.

NEWGARDEN reserves the right to modify, in whole or in part, without prior notice, any information or technical specification of this publication.

All the information that appears in this catalog in terms of dimensions and capacity are approximate and are susceptible to variations due to improvements in the production process.
